InVue

Contents

rev. 03/24/2025

InVue is a global technology company who provides the world's most valuable brands with innovative merchandising, security and IoT solutions.

InVue is a global technology company that provides retailers and brands with innovative merchandising, software and security solutions. Our products seamlessly promote and secure retail merchandise, enhancing the in-store experience to improve our customers' profits.

We back our commitment with a 90,000 square foot innovation, quality, design and service center in Charlotte, NC. Our quality control facilities in Charlotte and China, use custom designed testing equipment to simulate actual, daily in-store use of our products.

Enabling an authentic brand experience.

TECHNOLOGY

EXPERTISE

FOCUS

GLOBAL PRESENCE

TECHNOLOGY

› Investing over 7%+ yearly in research and development. Custom designed testing equipment to simulate actual in-store use.
› 90,000 sq. ft. innovation, quality, design and service center in Charlotte, NC.

EXPERTISE

› Leveraging extensive retail experience and investments to bring innovative solutions to market.
› Broad merchandising and security portfolio alongside data and analytics that give insight into customer behavior and interactions.

FOCUS

› A history working with brands at the Headquarter, Regional and Retail level to maintain a comprehensive understanding of the brand's ecosystem.
› Offering products that balance the desire for high experience with the need for security.

GLOBAL PRESENCE

› Global presence and local support in 90+ countries.
› Innovative concepts that are informed by a global retail landscape.
› Dedicated white-glove service for brands at the HQ, Regional and Local levels.

The synergy gained from aligning brand displays with existing retailer technology results in increased profits.

BEST-IN-CLASS SECURITY

Assign a unique code per store, 12 hour time-out feature for greater protection, and ability to create zones and audit employee use.

IN-STORE VISIBILITY

Monitor, understand and manage associate interactions through software analytics. Know who did what, where and when.

invue.com

3

OneKEY is the most secure and convenient key system that enables associates to assist customers quickly and easily. Each interaction from OneKEY instantly transfers to access control software, where you can assign access zones, deauthorize keys, as well as understand who interacted with what, and when. Operating on InVue LIVE, OneKEY allows you to monitor and manage all key interactions real time.

OneKEY™
ecosystem

Security & Merchandise	Analytics	Access Control

Advanced Technology & Software

Using unique infrared technology, OneKEY transfers power and data to a complete ecosystem of merchandise and mobile point-of-sale solutions, providing industry-leading protection to your high-theft products and essential operating systems.

OneKEY

Give every associate a key to increase sales, decrease theft and improve safety.

At a glance:

FEATURES AND BENEFITS

› 12-hour time-out protection against key theft
› Transfers power and data to a wide range of security products
› Assigns a unique code to a store or department for better key management
› Create store zones and audit use to reduce internal theft

Accessory
Solutions

Solutions for 2nd Generation Pencils, Type C Pencils, and Pencil Pro

At a glance:

FEATURES AND BENEFITS — ALARM-ONLY GEN 2 APPLE PENCIL SENSOR

› Mechanical alarming sensor protects Apple Pencil while allowing full customer interaction
› Allows Apple Pencil to be mounted on iPad for charging and display
› Compatible with all InVue auxiliary ports
› Protect and power up to four Apple Pencils at a time using Zips Power Multiport

Solutions for 1st Generation Apple Pencil

At a glance:

**FEATURES AND BENEFITS —
POWERED APPLE PENCIL SENSOR**

› Protects and powers Apple Pencil while
  allowing full customer interaction
› Smart sensor detects and charges Pencil when
  in resting position. Allows instant connection to
  iPad and iPad Pro when in use
› Protect and power up to four Apple Pencils at a
  time using Zips Power Multiport

**FEATURES AND BENEFITS —
ALARM-ONLY APPLE PENCIL SENSOR**

› Protects Apple Pencil while allowing full customer
  interaction
› Detachable sensor for easy daily removal or
  periodic charging of Apple Pencil
› Protect up to four Apple Pencils at a time using
  Zips Power Multiport
› Compatible with all USB auxiliary port alarm units

Zips for Apple Mouse and Keyboards

Versatile and scalable, Zips features alarm, power and high security options.

At a glance:

FEATURES AND BENEFITS

Zips provides secure protection for a wide range of merchandise and consumer electronic devices on display. As the only complete solution for powered and non-powered accessories or consumer electronics, Zips offers multiple attachment and power sensors for both standard and high security applications. With Zips, create dynamic displays with minimal operational investment to increase sales.

Standard Solution: Clean and inviting solution for HomePod.

At a glance:

FEATURES AND BENEFITS

› Part of the Zips for Connected Home platform
› Ultra-thin flex sensor protects HomePod while maintaining intended sound quality and acoustic experience
› Sensor is discreetly secured and can be easily replaced with the quick disconnect cable
› Alarming sensor attaches to multiple InVue USB alarming systems

COMPATIBILITY:

HomePod

Fixed Display Solution: Optimized experience with a secure composition.

At a glance:

FEATURES AND BENEFITS

› Delivers a meaningful experience with lock-down capabilities
› Allows customer to evaluate full acoustic experience
› Mechanical security powered through OEM charger
› Metal enclosure and reinforced structural base
› Hard mounts to multiple fixture designs with stud mount kit

COMPATIBILITY:

HomePod

Zips Display Case

A universal case to display and protect product.

At a glance:

FEATURES AND BENEFITS

› Clear visual case protects the product and promotes engagement
› Compact design ideal for showing smaller items with limited space
› Choose from a variety of sensor options for power and alarm
› Cover fits Zips universal display platform to quickly refresh the shopping experience
› Compatible with OneKEY — option to combine Zips Alarm Unit with access control software to track display position

COMPATIBILITY:

AirTag   AirPods   Accessories

Zips All-in-One Headphone

Widest range of audio, power, and alarm configurations in a single display.

The Zips All-in-One Headphones are a complete headphone technology solution for an optimal customer experience. Its streamline design that accommodates a range of power and audio configurations for a clean look and feel. This solution integrates with any powered aux port to expand existing displays and cross-merchandise with ease.

At a glance:

FEATURES AND BENEFITS

› Lightning power connections for charging Apple AirPod Max
› Soft pull and extended cord length encourage customer interaction
› Allows Bluetooth pairing of AirPod Max on display
› Alarming connection via medallion
› Compatible with any powered auxiliary port to cross-merchandise for a complete brand experience

Made for
iPhone | **iPad** | **iPod**

COMPATIBILITY:

Accessories

Zips Headphone Recoiler

Optimal customer experience and security for wireless headphones.

Zips Headphone Recoiler is the only interactive merchandising solution on the market that provides both security and audio transmission through a recoiler for wireless headphones. Featuring an integrated audio cable inside the recoiler, this cost-effective solutions ensures that audio always passes through to headphones, creating a stimulating shopping experience. Retailers can now openly and securely display wireless headphones for optimal customer engagement and increased sales.

At a glance:

FEATURES AND BENEFITS

› Fully integrated audio cable for playback in the headphones, promoting an optimal customer experience
› Reliable security to openly and safely display wireless headphones
› Supports multiple audio barrel sizes: 2.5mm and 3.5mm
› Integration with Zips platform

COMPATIBILITY:

Accessories

iPad Digital Display

Bracketed pedestal for utilizing iPads
as digital displays on Apple Fixtures.

At a glance:

FEATURES AND BENEFITS

› Optional steel bracket arms depending on the security requirements
› Wedge display pedestal for angle and height, no lift
› OEM power cable passed through for integrated charging. Installed separately through the tether underpass
› Optional screw mount kit available for add-on when possible with fixtures
› InVue steel core tether cable
› iPad can be mounted in portrait or landscape mode for display

COMPATIBILITY:

| iPad Pro | iPad Air | iPad | iPad mini |
